Toledo Police VLOG: Rookie Officers Learn to Work with K9 Unit

Toledo, OH (March 26, 2019): Watch the latest installment in the Toledo Police VLOG series now on YouTube at https://www.youtube.com/watch?v=Zl1gz7ul8OU. Released today, the VLOG highlights the recently sworn officers of the 65th Toledo Police Academy Class as they transition from academy life to patrol work. A two-week long scenario training course with Field Training Officers ("FTOs") is the final step before hitting the streets. During the training, the rookie officers were tested in a number of situations and learned how to properly work with a K9 Unit.

Members of the part-time Toledo Police "Social Media Team" create the VLOGs to increase community engagement through social media. The Toledo Police Department VLOG concept follows what departments in Miami, FL and East Lansing, MI have started. The Toledo Police Department is the first major city police department in the region to start a VLOG. Viewers are encouraged to subscribe to the Department's YouTube channel and provide input on what they would like to see next.
